What is **Come Read with Me?**

Come Read with Me is a Nonprofit 501 (c) (3) organization established to promote long-term cognitive and physical functionality for adults with intellectual and developmental disabilities. As a life-long learning center, we work with therapists, universities and other organizations to stress the most recent research and practices.

Classes and opportunities

Come Read with Me offers a wide variety of classes. While basic classes such as reading and math are always on the schedule, other classes are offered at the request of students or to take advantage of a particular opportunity. Students often enjoy art classes, brain gym, cooking and computer classes. Field trips are enjoyed as we travel a short distance to sing for the elderly or longer trips as we explore the history of our state. Classes and opportunities are arranged according to availability of teachers and interest of students,

Come Read with Me is located in Euless, Texas, the heart of the Dallas/Fort Worth Texas metropolis. We serve students from area cities and outlying communities. In addition to providing classes, we also make tutoring and therapies available to our students. We are especially pleased to offer opportunities to university students to practice teach at our facility with our students.

A helping hand

Our staff strives to address each student's needs appropriately and compassionately. When they identify a problem, need, or new interest, we respond on a day-day-basis, i.e. "Will you help me read this form?" "I can't remember if I add this in my checkbook or subtract it." "The doctor told me I am diabetic. Can you help me learn how to eat/cook/shop for groceries?" Students know they can trust us.

**Be all you can be
Do all you can do
Share all you can share**

At Come Read with Me, all students are teachers and all teachers are students. Each of us working together for the good of all..

a good life

Students, staff members and families enjoy the positive environment at Come Read with Me. As students are applauded for their current skills and given a safe and encouraging atmosphere, they begin to look again at tasks or skills that had previously been avoided. Seeing oneself as an achiever opens new doors for all - students, families and staff.

Confidence brings success.

We specialize in building opportunities for our students.

 **Positive
social interaction**

Come Read with Me is a truly unique learning center where we have but one rule: We all must be kind to one another and ourselves.. It is critical to learning as well as a feeling of self-worth to be treated with respect. Respect is expected and demonstrated throughout the day.
